FIRE SAFETY EQUIPMENT, FIRE ALARMS, SUPPRESSION SYSTEMS AND ASSOCIATED SERVICES

EFM2054 NE FIRE SAFETY EQUIPMENT, FIRE ALARMS, SUPPRESSION SYSTEMS AND ASSOCIATED SERVICES AGREEMENT

AGREEMENT REFERENCE: EFM2054 NE

FRAMEWORK PERIOD: 4 YEARS FROM 01/05/24 - 30/04/28

What are the framework benefits?

- BT1/BT2 cash savings will be reportable once the new framework is implemented, the level of this will be determined by the final pricing submissions from the winning bidders.
- BT3 savings may be reported for all members using the agreement for the first time.
- There is potential for BT14 non-cash savings to be reported through this framework due to the sustainability element in the ITT.

Members of the following organisations can access this Framework Agreement:

EFM2054 NE Fire Safety Equipment, Fire Alarms, Suppression Systems and Associated Services Agreement

Option One – Direct Award (Ranked) - A Direct Award can be used where the framework agreement sets out all the terms governing the provision of the required Goods and/or Services. Members are required to contract directly with the first ranked supplier, unless the first ranked supplier does not have capacity, cannot meet timescales or has other issues preventing them from undertaking the work.

Option Two - Desktop Exercise - If time is of the essence and Members are comfortable with the terms of the proposed call-off contract, and these do not require amendment or supplementary conditions, Members may use a desktop calculator to amend the criterion by up to 20 percentage points to reflect their local requirements.

Option Three – Further Competition - All the suppliers appointed to the framework agreement must be invited to submit responses to the Member's further-competition tender document. The original framework agreement Evaluation Criteria should be applied in the further-competition tender document.
